## *The Courses*

### *Jack's Point*

#### **The Spectacular new Jack's Point**

Situated under the Remarkables mountain range, the course traverses across wetlands and bluffs to the edge of Lake Wakatipu. A demanding layout with a natural, rugged layout, Jacks demands some accurate golf to master but will reward all players with incredible scenery and an unforgettable golf experience. Regarded by many as the best course in the South Island

### *Millbrook Resort*

#### **Golf on the fabulous Millbrook Resort**

Originally designed by Sir Bob Charles, the original 18 hole course is one of New Zealand's finest with lush fairways, large greens and immaculate condition being prominent features. The new 9 hole course was designed by Greg Turner, and is a new look for Millbrook with rocky outcrops, deep bunkers and large, undulating greens. With the inclusion of the Coronet 9, Millbrook offers 3 options for 18 hole rounds and has firmly established itself as one of the finest golf resorts in New Zealand.

### Queenstown Golf Club at Kelvin Heights

#### **One of the world's most scenic courses**

A favourite local club course that offers an extremely enjoyable layout to be enjoyed by golfers of all levels. Set on the Kelvin peninsula and surrounded by Lake Wakatipu with the Remarkables mountain range in the background, this course offers a great challenge and stunning scenery at every glance, making it a popular course for tourists wanting to enjoy a relaxing game.

### Arrowtown Golf Club

#### **History and natural beauty meet**

Another local favourite, the Arrowtown Golf Club is a very unique course. With historical mining features and natural schist outcrops appearing around the course, golfers must navigate tight fairways and small, undulating greens to score well around here. What it lacks in bunkers, it more than makes up for in natural hazards that can surprise even the best golfer.

### The Hills

A certain mystic of exclusivity exists around The Hills. Opened in 2007 for the New Zealand open and hosting through till 2010. An unprecedented opportunity to introduce travellers to one of the world's most renowned golf destinations will be available to you.

Flanked by the magnificent scenery of The Remarkables, visitors to The Hills are treated to much more than 18 holes of golf on a world-class championship course. They are also inspired by the award winning architecture of the Michael Hill Club House and great southern hospitality.

## *Frequently asked questions*

1. **Which is the best course around Queenstown?** - It all depends what the golfer is after and what the weather and wind is like on the day. We're always happy to offer our advice and discuss with the golfer what the best options are for them.
2. **Will there be lots of people on a tour –** Generally not. Most trips we take out are independant bookings and as the service is booked on demand, you will usually not be forced to join others. We will endeavor to tee golfers up with another player if they wish.
3. **What is the dress code?** – Tidy casual dress, collared shirt, no denim (although tidy jeans OK at Kelvin Heights and Arrowtown). Sneakers or golf shoes with soft spikes.
4. **Is there a discount if club hire isn't required?** – Yes, \$30 off our 18 hole Tour Package prices if you have your own clubs. We also provide a transport only option for those that have already booked their golf.
5. **Do I pay a premium for using the service and what's the benefit?** – Our package prices represent excellent value and are more cost efficient for the client than arranging everything separately. We know each of the courses intimately and will provide information about them to enhance the golfer's experience. As local golfers we know what makes a special day of golfing and always strive to provide exceptional service.
6. **What happens if it rains or we are forced to postpone?** – In almost every case we are able to push the booking out until later in the day, one of the following days or make other arrangements for you. Refunds are available if 24 hours notice is given.
